

As of March 1, 2008

<http://gaqc.aicpa.org>

**Note:** The Center has prepared this list of government related CPE opportunities offered by state CPA societies during 2008 to assist member firms in planning for the training needs of staff assigned to employee benefit plan engagements. It was compiled from information on the various state CPA society websites. The list will be updated periodically; however, it is not necessarily all-inclusive, nor does it necessarily reflect all schedule changes. We encourage you to visit your respective state CPA society's website for the most current CPE offerings.
